Low Maintenance

Luxury Level

1
Rust proof, smooth and sleek satin finish of the clear anodized aluminum glazing frames enhances the beauty of contemporary design while providing years of trouble-free performance.

2
Deep tongue and groove section joints contribute to the door's excellent strength. A plethora of high quality seals, spacers and retainers ensure maximum protection against outside elements while keeping your garage well insulated.

3
The bottom weather seal keeps out wind, rain, debris and other elements for added energy savings.

PANEL DESIGN OPTIONS

Clear Anodized Aluminum
 Insulated Aluminum Laminate
 Polyurethane Insulated Steel Section

Hörmann Innovations

The FingerGuard™ section joint and hinges provide air-tight seal and prevent finger injuries inside and outside.

Hörmann's optional top weather seal is made of high quality material to provide an extra peace of mind

Factory installed between section weather seal and glazing seal offer maximum protection from the outside elements while further enhancing the
